MEMORANDUM FOR: Director, Office of Congressional Affairs

FROM: Edward J. Maloney
Director of Information Technology

SUBJECT: Special Report on the Relocation of the
Computer Center

1. Attached for your information are several copies of a pictorial essay that my Management Group had published on the recent relocation of the Computer Center to the New Headquarters Building (NHB).

2. Our IBM colleagues tell us that this was one of the largest, if not the largest, and most complex computer center move in history. When you combine the requirements for system stability, the stringent time constraints, and the fact that we exceeded all our objectives, there is every reason to be very proud of the hundreds of individuals in various Agency offices who worked so hard to make the relocation a success.

3. As we relocate other computer services to the NHB, you can be assured that we will continue our best efforts to serve our customers.

Edward J. Maloney
